

British Values at St. Brendan's

Respect and Tolerance – I know that it is **unacceptable** to **not respect** the beliefs and opinions of others. I know that other people have different beliefs, have different cultures and opinions as me. I know we can work together to help one another and support others in the community, this country and across the world.

Mutual
respect
and
tolerance

Democracy

Democracy – I can show democracy in school by **voting** for my class council representative and voting during class council meetings. I know that I can speak to my class councillors to get my **voice heard**. I can influence my lessons by putting up my hand and voicing my views. I know I will be listened to by all of the staff.

The rule of
law

Law- I know and understand the **school rules**. I understand why we have rules and their importance. I know that these rules reflect similar rules in **society**. I know that there are **consequences** to any rules that are not followed.

Individual
Liberty

Liberty – I know that I am **free to think** in my own **individual** way and I can express this freely. I have the **freedom** to make choices for myself but understand that I am **responsible** for all of **my actions**.
